Review of Meeting

- John Allen pointed out a correction to the previous minutes indicating that "sign face" should be switched to "sign cabinet" in reference to the switching out of signs. Staff indicated that the change would be made. With a motion from O'shea and a second from Allen, the minutes were unanimously approved with this correction.
- Consensus was reached as to how obsolete or abandoned signs were to be handled. Staff indicated that draft language would be forthcoming to review and discuss.
- Discussion was held as to how signs were tailored by district. Staff indicated that this system of tailoring was currently in practice under our current ordinance. Staff indicated that various other committees were working on district-specific sign regulations and also pointed out that there are separate sign regulations for various overlay districts. The committee requested summaries of these regulations at the next meeting. Staff indicated that they would be provided.
